FIRST DIRIGIBLE FOR U.S. IS AUTHORIZED

Daniels Awards Contract for Manufacture of War Balloon to New Haven Firm.

DELIVERED IN FOUR MONTHS

WASHINGTON, May 15 .- Construction of the navy's first dirigible was authorized today by Secretary Daniels, who awarded a contract for its manufacture to the Connecticut Aero company of New Haven on a bid of \$45,636. The balloon is to be delivered within four months so as to be in use at the naval aeronautic station at Pensacola early next autumn. It is designed to carry four student observers in addition to a crew of four.

Million for Acronautics. It will be 175 feet long, fifty-five feet high, have a gas capacity of 110,000 ouble State Dentists to feet and a speed of twenty-five miles an hour. Congress appropriated \$1,000,000 for new hydroseroplanes were received last week on orders given two months ago and three others are due for delivery Three additional ones will be bid dirigible shed designed to accommodate

ow in the Mediterranean, is to be relieved in ten days by the cruiser Des on ship. With its arrival and delivery
